MR & MRS EAVE

FINAL INSTALLMENT

#### **Final Installment**

Mr Faves XI Sans & XI Modern Norrow are the final installments to complete the Mr & Mrs Eaves family of fonts Mr Faves XI. Sans Narrow is 20% narrower than the regular Mr Eaves XL Sans with overall tighter spacing. Mr Eaves XL Sans Narrow allows for a wide variety of uses and is perfectly suitable for lengthy text settings. The larger x-height also maintains superior readability at smaller point sizes. The matching Modern Narrow fonts, also 20% narrower, provide an overall less humanistic look, with simpler and more geometriclooking shapes, most noticeably in the squaredoff terminals and symmetric lower case counters. These fonts have moved furthest from their roots, yet still contain some of Mrs Eaves' DNA. The *Modern Italic* is free of tails, and overall the Modern exhibits more repetition of forms, projecting a cleaner look. Mr Eaves XL Sans Narrow and XL Modern Narrow feature seven weights each with accompanying italics, SMALL CAPS and alternate characters.

Designed and produced by Zuzana Licko.

### The Emigre Font Library is now available in Web Font format.

Emigre Web Fonts are provided in both WOFF and EOT formats for use with the CSS @ font-face rule. The combination of WOFF and EOT formats allows the Web Fonts to function on most currently used browser types.

Emigre Web Fonts are licensed for self hosting, with a choice of a 5 year renewable term, or a one-time perpetual term option, giving you full control over server performance and eliminating monthly or annual subscription fees.

We have optimized our web fonts hinting for screen display. However, as the technology remains in flux, the variables of the different platforms, screens, rasterizers, browser defaults, and user preference settings, sometimes generate inconsistencies beyond our control.

Look for the *Emigre Type Director's Picks* for Web Fonts that perform best across all browsers and sizes.

Emigre Web Fonts are formatted to function exclusively on web pages and cannot be installed and used like traditional desktop fonts.
